Database Requirements

Small Business Financials is compatible with Microsoft SQL Server 2000 Desktop Engine

(MSDE) SP3 or Microsoft SQL Server 2000.

Unless you specify otherwise, MSDE is installed as the database during installation.

To use an existing Microsoft SQL Server 2000 installation with Small Business Financials, you must use dictionary order, case-insensitive sort order. Contact your Small Business Financials reseller or customer assistance if you need further assistance.

To integrate with Windows Explorer, Windows Messenger and Microsoft MapPoint®, you must use Windows XP or Windows Server 2003.
